OUR PATIENTS SAY IT BEST

180+ Five-Star Google Reviews

"My experience with CSI Pharmacy has been great! They are very responsive. My CSI Infusion Nurse, Catherine, is EXCELLENT! She is very well trained and knows her stuff! She is expert in starting IVs and I know about that because I did that once upon a time as a military medic."

– Robert

"Constantly kept me up to date with anything and everything I needed to know. My nurse was also absolutely amazing! I would recommend both her and the company to anyone who needed a specialty pharmacy!"

– Cailey

"Everyone is friendly and very helpful. They keep me informed and follow up on deliveries to be sure I have received my supplies. My questions are always answered in a timely manner and I know that I can reach out at any time and my issues or questions are resolved as soon as possible."

– Cherish

"CSI has taken care of me for over 7 years. They treat me like I'm a family member. I have been treated with courtesy and respect. The entire staff is friendly and helpful. If I have a need related to my care, CSI takes care of it immediately. I give CSI my absolute highest recommendation."

– Roy
